Brighthouse SmartCare®

Protection When It's Needed Most

Brighthouse SmartCare can help when life takes an unexpected turn.

Unlike traditional long-term care insurance policies, Brighthouse SmartCare® – a hybrid life insurance and long-term care (LTC) product – adds flexibility to client portfolios by providing value, regardless of how life unfolds.¹

Unexpected Turn:
**A Long-Term
Care Event**

Should your client experience a long-term care event, Brighthouse SmartCare provides access to an LTC benefit pool. Once eligible to receive benefits, your client can access their maximum amount of available benefit dollars, regardless of actual cost of care, with no receipts or tracked expenses required.^{2,3,4}

Unexpected Turn:
**Change of
Plans**

If your client's needs change, they can access their policy's cash value. Policy loans are available at any time and policy surrender is available at any time for its full cash surrender value.⁵

Unexpected Turn:
Death

Regardless of whether LTC benefits have been used, your client's loved ones will receive a tax-advantaged death benefit when they pass away.⁶
